VERSATILITY & PERFORMANCE

BEST IN CLASS DISPLAY

The Element He10-W has a 10.1 inch full HD IPS P-CAP multi touch, touchscreen with G+FF full-laminated process, 16:10 aspect ratio and 1920 x 1200 resolution delivers amazing colours for best viewing experience.

The tablet incorporates Intel 9thGen UHD Graphics 600, Clock: 250Mhz (Boost 750Mhz). Write and draw naturally, sketch and shade with precision with 1,024 pressure points that respond to the lightest touch.

LIGHT, FULL METAL UNIBODY CHASSIS

A full metal unibody design gives He10-W the weight of only 522g and thinness to only 8.8mm. Delicate CNC and anodic sandblast oxidation processes provides extra premium texture.

The He10-W features dual USB Type-C ports, one for charging and another for data transferring, easy and fast.

ULTRA FAST CONNECTION WITH DUAL-BAND WI-FI

He10-W supports dual band WiFi with stable 2.4G and high speed 5Ghz. The latest Bluetooth 5.0 protocol ensures extra stability.

BUILT TO LAST ALL DAY LONG

With 260 hours standby time and 6-8 hours of comprehensive usage, the use of LV processor and low power DDR4 RAM combined with large capacity Li-Po battery, the He10-W can easily last a whole day working in your retail or hospitality environment.
